

GLCS Facilities Sub-Committee Meeting

Logistics

Time:	4 p.m. to 5 p.m.
Date:	10-7-13
Attendees:	Kelly Low, Jill Peterson, Rose Richer, Kim Kallieras, and Paul Augustyn
Please Bring/Read:	
Location:	RGS library
Meeting Purpose:	Discuss thoughts on committee wide survey

Agenda

Item	Time	Agenda Item	Presenter
1		Discuss any additional input for survey to be put out for staff and community in near future	
2			
3			
4			

Open Actions

No	Action/Discussion	Who	When	Status or comment
1.	RGS Tour			
2.	SGE Tour			
3.				
4.

Additional Comments:

Factors for potential consideration:

- bathrooms being able to be used by k-2 and 3-5
- capacities of gym and cafeteria
- gym, cafeteria, and library usability by k-2 and 3-5
- necessity of use of mobiles
- usability of mobiles by k-2 and 3-5
- playground equipment applicability
- one level usage versus split-level usage
- bus loading/off loading
- building access points
- technology infrastructure
- ability of cafeteria to allow number
- numbers currently in schools
- potential future projections
- entrances and exits of buildings
- air conditioning availability, what classes/programs have to have it
- lockers, hooks
- potential number of rooms available for school
- ability of rooms to be used by different ages
- square footage of rooms
- movability within school
- best use of mobiles if need of continued use is determined

The committee discuss potential survey topics. We reviewed some of Dr. Oest's initial ideas. We then designed some questions specific to our committee.

Survey Questions

1) add text box allowing for explanation of why they made the choice they did for question 6 of survey questions created by Dr. Oest

2) The factors the facilities committee is currently considering are:

- square footage of rooms and total number of rooms available for grade level classrooms
- bathroom accessibility for grade levels
- hallway traffic implications
- effective use of mobile classrooms
- functionality of cafeteria, gym, library, computer lab by k-2 or 3-5 groupings
- programs that necessitate air conditioning
- usability of classrooms
- implications of multilevels on configuration
- enrollment growth implications

Are there any other factors you feel the facilities committee should be evaluating?
(text box)

3) From the list below, please rank the 3 most important factors to be evaluated by the facilities committee. (Rank 1, 2, and 3 with 1 being the most important concern.)

- _____ square footage of rooms and total number of rooms available for grade level classrooms
- _____ bathroom accessibility for grade levels
- _____ hallway traffic implications
- _____ effective use of mobile classrooms
- _____ functionality of cafeteria, gym, library, computer lab by k-2 or 3-5 groupings
- _____ programs that necessitate air conditioning
- _____ usability of classrooms
- _____ implications of multilevels on configuration
- _____ enrollment growth implications

It was eventually decided that these exact questions would not be surveyed at the current time due to their specificity of topic. Elements of these question may be integrated into the initial community survey. We could decide to send out the staff question ourselves and may do so in the near future.
