February 19, 2013

Dear Parents/Guardians,

In an effort to improve the safety and security of our students, Nippersink School District 2 has installed new security entrance systems in all three schools. All three buildings exterior doors will now be locked to all visitors during the school day. All visitors will now be required to “buzz in” before being allowed to enter the buildings. Each building entrance is now equipped with a video/audio system. Visitors will be required to buzz the main office staff and then state their name and purpose for their visit. Once approved, visitors will then be allowed entry into the main office only. We anticipate additional security systems in the future and we ask for your patience and understanding as we put these new procedures into place. If you should have any questions please contact your building principal.

Paul Augustyn
Principal
Richmond Grade School
